From Springer Gabler : Dos and Donrsquo;ts in Human Resources Management: A Practical Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Dos and Donrsquo;ts in Human Resources Management: A Practical Guide:

With this book, an international group of approximate 50 HR leaders, professors and senior consultants compiled their knowledge and experience in an easy-to-navigate format to allow busy HR executives finding exactly the advice they need. Re-inventing the wheel ndash; unfortunately ndash; still is a common practice in Human Resources Management.

Traditional literature on HR fails to provide advice based on current, real-life experience and online forums lack a logical structure. Hence, there is a clear need for a resource with practical, structured and experience-based advice on Human Resources Management. The book also provides readers from other functional areas and job starters a realistic insight into today's HR management ndash; be it as a personal career orientation or as a way to enrich their overall management knowledge.
