**Robert A. Blackburn : Intellectual Property and Innovation Management in Small Firms (Routledge Studies in Small Business)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Intellectual Property and Innovation Management in Small Firms (Routledge Studies in Small Business):

Intellectual property protection is increasingly becoming a central issue for businesses. This book provides a wealth of original research on intellectual property management in small and medium sized enterprises, while also addressing the context of innovation and knowledge management.

'I can recommend this book as an interesting read about SMEs and intellectual property because it represents an excellent collection of empirical evidence.' - Technovation  
About the Author Robert A. Blackburn (PhD) is Director of Research, Kingston Business School and HSBC Professor of Small Business Studies, Kingston University, UK. He has extensive experience of researching the smaller enterprise, using a variety of methodological approaches. He is

editor of the *International Small Business Journal* and co-author of *Researching the Small Enterprise* (with James Curran). He is a member of the Institute of Small Business Affairs and the Academy of Learned Societies for the Social Sciences.
