Eun : International Financial Management (Irwin Finance) before purchasing it in order to gage whether or not it would be worth my time, and all praised International Financial Management (Irwin Finance):

0 of 0 people found the following review helpful. it was in perfect condition. As far as content howeverBy andreaAs far as the actual book goes, it was in perfect condition. As far as content however, this book is extremely difficult. It expects you to have knowledge of many financial terms that it doesn't bother explain. For my international finance class, the prerequisite was Intro to Finance, which was significantly different and much easier to understand. Examples of equations in this book are confusing. I wish college professors would pick a more explicit and easier book. It's giving me a lot of trouble, and I'm hoping to pass this class.0 of 0 people found the following review helpful. Five StarsBy Nahed G.excellent condition1 of 1 people found the following review helpful. Five StarsBy Edvonia ScottThis text book is definitely helping me in my International Finance class.

International Financial Management is written based on two distinct parts: emphasis on the basics and emphasis on a

managerial perspective. As capital markets of the world become more integrated, a solid understanding of international finance has become essential for astute corporate decision making. International Financial Management provides students with a foundation for analysis that will serve them well in their careers ahead. The decision-making process is presented through the text with the goal of teaching students how to make informed managerial decisions in an evolving global financial landscape.

About the Author
Cheol S. Eun (Ph.D., NYU, 1981) is a professor of finance and currently holds the Thomas R. Williams Chair in International Finance at Georgia Institute of Technology. Before joining Georgia Tech, he taught at Kent State University, University of Minnesota, and the University of Maryland, and at the Wharton School of the University of Pennsylvania. He has published extensively on international finance issues in such major journals as the Journal of Finance, JFQA, Journal of Banking and Finance, Journal of Portfolio Management, Management Science, and Oxford Economic Papers. Currently he is an associate editor of the Journal of Banking and Finance, Global Finance Journal, European Financial Management. Professor Eun has taught a variety of courses at the undergraduate, graduate, and executive levels and was the winner of the Krowe Teaching Excellence Award at the University of Maryland and has served as a consultant to many national and international organizations.
Bruce G. Resnick (D.B.A. Indiana, 1979) is a professor of management at the Babcock Graduate School of Management of Wake Forest University. Prior to coming to the Babcock School, he taught at Indiana University for ten years, the University of Minnesota for five years, and California State University for two years. Professor Resnick has also taught as a visiting professor at Bond University, Gold Coast, Queensland, Australia, and at the Helsinki School of Economics and Business Administration. Like Professor Eun, he has had research articles published in the most prestigious academic journals, and he has served as a consultant to a number of nonprofit and for-profit organizations in the selection of investment managers for organizational funds
