Barbara Casu, Claudia Girardone, Philip Molyneux : Introduction to Banking 2nd edn before purchasing it in order to gauge whether or not it would be worth my time, and all praised Introduction to Banking 2nd edn:

Introduction to Banking 2nd Edition is a thoroughly revised edition of the book first published in 2006. It offers a comprehensive insight into the business of banking, providing up-to-date information about the impact of the financial crisis upon the banking sector globally and the far-reaching regulatory reforms. Written by expert authors, this book covers both theoretical and applied issues relating to the global banking industry, highlighted by examples from across Europe and the wider international arena. It is organised into five main sections including a brand new section - advanced topics in banking.
