Lynda Musante, Maria Neri : **Jewelry Making for Fun Profit: Make Money Doing What You Love!** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Jewelry Making for Fun Profit: Make Money Doing What You Love!:

0 of 0 people found the following review helpful. Jewelry Making For Fun and Profit By Max Nightjar I read this book years ago and just forgot to buy it. The book addresses the core or basic needs of running a jewelry, craft, or one of a kind, business which is timeless information for Crafters and artisans who are organized and appreciate the need for planning, marketing, and pricing your works. The author spent a great deal of time researching the different topics and there is a wealth of information to help you run your business smoothly., including references - some of which are out dated. Jewelry Making For Fun and Profit is one of the Bible Books for Arts and crafts and I'm glad I finally bought the book..Some things never really go out of style or lose their value.0 of 0 people found the following review helpful. Jewelry Making Book By cappy This is a wonderful book for someone interested in developing a jewelry making

business. There were techniques and lessons on making jewelry that I had not heard of and was very excited to learn about. I also found it helpful that the second half of the book was about the business side of being a jewelry maker. Good read and an excellent learning tool!0 of 0 people found the following review helpful. Not impressedBy CustomerVery basic, not what I envisioned.

Discover How to Profit From Your CraftHave you ever dreamed of learning the elegant art of jewelry making? You can! Jewelry Making For Fun Profit was written with two purposes in mind: to teach you the basics of this fun craft and to show you how to turn these new skills into cash! Whether you've been crafting for years or are just getting started, you'll learn:

- The benefits and enjoyment of jewelry making
- The right materials, tools, and equipment to use
- How to create a special "crafting place" in your home
- Ways to sell your creations at craft shows, shops, and other outlets
- Craft-business basics, including pricing and record keeping
