Matt Zagula, Dan S. Kennedy : **No B.S. Trust Based Marketing: The Ultimate Guide to Creating Trust in an Understandably Un-trusting World** before purchasing it in order to gage whether or not it would be worth my time, and all praised No B.S. Trust Based Marketing: The Ultimate Guide to Creating Trust in an Understandably Un-trusting World:

11 of 11 people found the following review helpful. Not bad
By Mike the Gardener
Great detail of stats for direct mail, but the book lacks elsewhere. Did not walk away feeling like I learned much about building trust relationships with customers.
2 of 2 people found the following review helpful. I enjoy and own many of the No B.S. series of books
By David Matthews
I'm into Dan Kennedy's work, I know it's one view on Marketing, but I do enjoy most of the materials and information that I read. Anytime that you read a book like this you should understand it's not a complete work, it's more of a broad overview to concepts. There is always a course at a higher cost for gaining more knowledge if that's what you want to do. This applies to many of these types of Marketing and Business books.
1 of 1 people found the following review helpful. Trust is absolutely essential in business
By K. M.
I have not yet finished this book, but I have already gleaned from it some essential concepts that I am glad I understand now. Trust in the business world is hard to gain and easy to lose, and lack of it can ruin a business. I wouldn't want to start a business without reading this book. This is a must-read book for any entrepreneur. whether he or she is a seasoned veteran in the business world or just starting out.

My research shows we are heading into a major shake-out in business that will determine the leaders for decades to come. This will REQUIRE creative marketing and positionin, and there is no better source than Dan Kennedy on this topic. His book No B.S. Guide to Trust-Based marketing is rich with vital insights.
rdquo;-Harry S. Dent, Jr., author, The Great Crash Ahead
Trust Between Consumers and Businesses is Gone
Here's How to Fix It
Internationally recognized millionaire maker,
rdquo; Dan S. Kennedy, joined by entrepreneur and financial consultant, Matt Zagula, show you how to break down the barriers caused by the trust no on
rdquo; mantra invading every customerr
rdquo;s mind today. They deliver an eye-opening look at the core of all businesstrust, and teach you the secrets to gaining it, keeping it, and using it to build competitive differentiation, create price elasticity, attract more affluent clients, and inspire referrals. You'll get the essential strategies required to build trust in an understandably untrusting world, and in turn, attract both business and profits.
Covers 8 ways to demonstrate trustworthiness to prospective clients
The #1 secret desire of today
rdquo;s untrusting prospect
show to understand it, respond to it, and use it to transform marketing, prospecting, and presentations
How to avoid dumb mistakes that scream salesman
rdquo; to prospects
Why Where can I find clients?
rdquo; is the wrong question. The right question is: How can I construct a business persona and life so that clients seek me out, with trust in place in advance? How to keep products, services and prospects away from the avalanche of competitive and confusing information online
The incorrect assumption that trust is built by imparting information and knowledge and a breakthrough technique to replace this mistake
