**From Routledge : Patterns in Practice: Selections from the Journal of Museum Education** before purchasing it in order to gage whether or not it would be worth my time, and all praised Patterns in Practice: Selections from the Journal of Museum Education:

This comprehensive anthology features 47 selected articles from the Journal of Museum Education plus ten new

introductory essays by leaders in museum education and related fields. The articles and essays explore some of the fundamental issues concerning the role of education in museums today, from serving diverse communities to motivating visitors in an informal learning setting. The book is divided into five sections which 1) trace the evolution of the museum education profession; 2) explore the field's theoretical base; 3) consider methods of research used; 4) provide examples of how theory is translated into practice; and 5) summarize issues relating to professional development. Sponsored by the Museum Education Roundtable
