Ken Lloyd : Performance Appraisals and Phrases For Dummies before purchasing it in order to gauge whether or not it would be worth my time, and all praised Performance Appraisals and Phrases For Dummies:

6 of 6 people found the following review helpful. So glad I came across this helpful manual on .By MdnnameHaving been a manager for so many years, you sometimes just run out of ways to tell long-time employees the same thing each year....especially those consistently hard-working employees. And offering constructive criticism is not a walk in the park either. This book gave me ideas on how to properly phrase what I was trying to communicate during the

review process. There is a scenario for just about everything you'd cover in a employee review and it was so very helpful when I knew what I wanted to say, but wasn't quite sure how to write it clearly. I recommend this to any supervisor that can use some ideas with wording when writing employee reviews. 0 of 0 people found the following review helpful. I do not recommend purchasing Kindle version! By momto2girls Performance Appraisals and Phrases For Dummies The Kindle Version is impossible to use as a reference. Poor job of translating this into electronic format. Table of Contents is too vague. The information within Chapter 9 should be able to be used as a reference, however the information just all runs together and is a jumbled mess. There should be a Clear separator between the individual performance factors - it is almost impossible to see where one factor ends and another begins. Extremely difficult to read. The cost of the electronic version is only slightly less expensive than the hard copy. This was a huge waste of money. 0 of 0 people found the following review helpful. Five Stars By Niko Not bad

The tools you need to enrich the performance-appraisal experience as you streamline the process Whether you're a manager looking to implement employee appraisals for the first time, concerned with improving the quality and effectiveness of the appraisal process, or simply trying to save time and mental anguish Performance Appraisals Phrases For Dummies provides the tools you need to save time and energy while presenting fair and accurate evaluations that foster employee growth.
