Sharon Lucas : Plan It! before purchasing it in order to gage whether or not it would be worth my time, and all praised Plan It!:

0 of 0 people found the following review helpful. Handy ResourceBy Amanda S.Plan It! by Sharon Lucas is an excellent resource if you are planning to start a book club, lead a book club, or are planning a literary event.Our book club has been in existence for several years, yet this book identified several ways that we could "tighten up" our processes and meetings. And since we are currently planning an open house for women who are interested in joining our club, this short read gave great insight on how to execute a top notch event. One that will leave our guests impressed and eager to be a part of a literary club such as ours.Plan It! is a resource that I will surely refer to over and

over again in planning and conducting our book club events. Thanks, Sharon for a most helpful guide to efficiently running a book club! 0 of 0 people found the following review helpful. Realistic Guide for Planning! By COLEMAN My wife purchased this book as everything she tackles is thoroughly organized and planned. Here's her review of PLAN IT! "I started a Family Book Club several months ago and I'm always planning family events. So, I decided to purchase 'Plan It! The Complete Resource Guide for Authors, Book Clubs, and Literary Event Planners' by Sharon Lucas I enjoyed this easy read. There were so many great tips, general reminders and useful templates. It's nice to have this reference handbook for planning and organizing book clubs and other literary events. Thanks for writing it Sharon Lucas." 1 of 1 people found the following review helpful. Excellent resource guide By Debra This book offers very sound and realistic advice for starting and maintaining an awesome book club, and giving a well organized book event. I love the fact that this resource guide can be used for a small meeting at your home to a larger event! It's also very detailed. This guide gives step by step ways to say on task when forming, maintaining a book club and how to create the club you want. The event planning section is great because it gives many tips and ideas on how to make your event run smoothly and truly be a memorable event. This is a wonderful book that all book clubs and party planners should and must have. High 5 Sharon Lucas

The Perfect Planning Guide for Book clubs! For anyone who wants to learn how to turn their passion for reading into an engine for encouraging literacy, supporting your favorite authors, and creating a vehicle for literacy advocacy within your community, look no farther than this book. Sharon Lucas shares the tools that have enabled her to succeed as President of the Reading Divas Book Club, organizer of the celebrated Black Authors Readers Rock Weekend, and other literary events throughout the DC, Maryland and Virginia area.

5-Star The Book Club Bible I have dubbed Plan It! by Sharon Lucas "The Book Club Bible". Chock full of invaluable advice, Plan It! has something for everyone. Whether you're looking to start or maintain a book club or planning a literary event, Lucas outlines the best practices for success.
