Five StarsBy CustomerGreat quality, exactly what I needed for the class and I passed so the information was very useful!2 of 2 people found the following review helpful. Agriculture studentsBy Melissa WardThis book is great for college students majoring Agriculture/Animal Science/Agribusiness. It demonstrates every area found in an Agribusiness, such as retail sales.0 of 0 people found the following review helpful. Five StarsBy Tawedzegwa MusitiniExcellent

Managers in all areas of the agri-food system must be competent, flexible, and informed. Principles of Agribusiness Management provides the vital insights and information necessary to achieve success in a collaborative and interactive manner. The authors present the material clearly with a step-by-step approach that focuses on strategic planning and

management. In conjunction with learning objectives and end-of-chapter highlights and quizzes, each chapter features two case studies that highlight the current trends and practices of agribusiness. The fifth edition includes three exciting, powerful learning tools: Discussion Starters, Strengthen Your Skills, and Start Your Business. Timely and provocative, these features facilitate in-class discussion, develop entrepreneurial skills, and explore key topics affecting the agri-food system. Globalization, leadership, competitiveness, technology, and planning are only some of the areas that are examined within the context of the changing world of agribusiness.

"I really like the layout of the text. The highlights, chapter quizzes, and cases at the end of each chapter are useful tools for student interaction. The readability level is effective, and I appreciate small chapters." --Angela Chittick, Mid Plains Community College
"The text's diction and organization are well suited to introductory students. Price is competitive, especially given the comprehensive approach to the material." --Jason Entsminger, University of Maryland
"I like this book. It covers all the areas of agriculture management that I am looking for." --Larry Godsey, Missouri Valley College
