From Routledge : Regionalism and Global Economic Integration: Europe, Asia and the Americas before purchasing it in order to gage whether or not it would be worth my time, and all praised Regionalism and Global Economic Integration: Europe, Asia and the Americas:

0 of 0 people found the following review helpful. Five StarsBy SU MI WOOThis isn't bad.1 of 1 people found the following review helpful. Global Economis IntegrationBy Robert B Hawkins IIIAs a student of International Integration, I found this book very interesting and informative in describing the links and the commonality between different global integration processes. For sure after reading the combined essays supporters of integration will reconsider their views on the subject. Is integration a good process? Does it take away from a nations national and political sovereignty? Excellent book I recommend it highly

This scholarly and interdisciplinary volume sheds much needed light on the relationship between national policies, regional integration patterns and the wider global setting. It covers regional patterns in Europe, Asia and the Americas. Individual chapters focus on topics ranging from industrial or financial policies to social welfare regimes, as well as broader assessments and comparisons of regional arrangements in a global context. The chapters point to the diversity of regional patterns in the world economy and the continuing importance of national regulatory structures, yet they also point to the common pressures of globalisation felt by all, especially in the domain of capital markets. With broad coverage and clear but sophisticated analysis this new book will be vital reading to all those seeking to clarify their understanding of the contemporary regional/global paradox.

About the Author William D. Coleman is Professor of Political Science at McMaster University. He is the author of *Financial Services, Globalization and Domestic Policy Change* (1996). Geoffrey R.D. Underhill is Lecturer of Politics and International Studies at the University of Warwick.
