Rodger W. Griffeth, Peter W. Hom : Retaining Valued Employees (Advanced Topics in Organizational Behavior) before purchasing it in order to gage whether or not it would be worth my time, and all praised Retaining Valued Employees (Advanced Topics in Organizational Behavior):

0 of 0 people found the following review helpful. More info on the internetBy used to be a fanMeh, I ended up giving this to the library after reading it. You can get better and more indepth information perusing the internet.0 of 0 people found the following review helpful. This book is for every CEO in any companyBy Roman LundinMost CEOs should

constantly be aware of new ideas on this subject. Good book.0 of 0 people found the following review helpful.
GoodBy ErwinWe were looking for advice on keeping our main team together. This has been a book filled with ideas.
thanks

How do you keep valuable employees from leaving? With employee turnover at a ten-year high in the tightest labor market in recent memory, human resource professionals face this challenge daily. This book briefly summarizes the current research in the area of employee turnover and provides practical guidelines to implement proven strategies for reducing unwanted turnover. Topics covered include differentiating between functional and dysfunctional turnover, job enrichment, employee selection, orientation programs, compensation practices, easing conflicts between work and home, social integration, and managing exiting employees. Separate chapters are devoted to using employee surveys to predict turnover and diagnose turnover causes and reduc

" As labor markets continue to tighten, organizations are paying increased attention to the problem of employee retention. Retaining Valued Employees gives HR managers the kinds of tools they need to develop and implement effective retention policy." nbsp; -- Robert Steel"As labor markets continue to tighten, organizations are paying increased attention to the problem of employee retention.
