In Detail

Salesforce CRM's Winter '17 release offers a host of new features for CRM designed to transform your sales and marketing requirements. With this comprehensive guide to implementing Salesforce CRM, administrators of all levels can easily acquire deep knowledge of the platform. The book begins by guiding you through setting up users and the security settings and then progresses to configuration, data management, and data analytics. We swiftly move on to the setting up of organization wide features that affect the look and feel of the application. Process automation and approval mechanisms are covered next, along with the functional areas of Sales Cloud, Service Cloud, Marketing Cloud, and Salesforce Chatter. This book details Salesforce CRM system administration in a practical way and is an invaluable reference for both new administrators and experienced professionals. At the end of the book, techniques to further enhance the system and improve the return on investment

Salesforce mobile apps and mobile administration are covered, along with Salesforce Adoption Manager. Every chapter is complete with a section containing example questions of the type that you might encounter in the certification examination.

Style and approach

This book takes a straightforward, no-nonsense approach to working with the Salesforce CRM platform. Filled with examples and use cases, the book presents the facts along with seasoned advice and real-world examples to ensure you have all the resources you need to become a more informed Salesforce Administrator.

About the Author

Paul Goodey is the author of *Salesforce CRM Admin Cookbook*, published by Packt. He has over 25 year's of experience developing web technology solutions for companies of all sizes across a variety of industries and has been building solutions with Salesforce CRM since 2006. Paul has enjoyed a variety of roles while working with Salesforce CRM, having worked as a developer, business analyst, solutions architect, and system administrator to provide solutions for both in-house and consultancy-based end users. Based near London in the UK, his professional qualifications include Salesforce Certified Administrator (ADM-201) and Salesforce Certified Developer (DEV-401). He is a keen and active member of Salesforce's administrator and developer online communities. He can be found on LinkedIn at <http://www.linkedin.com/in/paulgoodey>

In his spare time, Paul is an avid runner, having run several marathons and half marathons.
