Sam Walton : Sam Walton: Made In America before purchasing it in order to gauge whether or not it would be worth my time, and all praised Sam Walton: Made In America:

0 of 0 people found the following review helpful. Could Not Put Book DownBy LuluThe way Mr. Sam Walton wrote about his life made me feel like I was there experiencing it all with him. For entrepreneurs, he gave many pearls of wisdom that one should not miss. The way he described the Wal-Mart culture is akin to the military culture that has

existed for hundreds of years and are all true.0 of 0 people found the following review helpful. One of the Greatest AmericansBy D. John CrannellGreat story very much personalized by Sam Walton telling the story of the beginning and history of Wal-Mart from its beginnings till his death. At the same time almost an Autobiography of Sam. Highly recommended reading especially if you like American business and are a devoted Capitalist.0 of 0 people found the following review helpful. An interesting readBy Kindle CustomerAn interesting book about the Walton family, although somewhat self serving. While I admire Mr Walton's ability to recognize a trend and be on the leading edge, I have a problem when he talks about how important his workers are, yet he doesn't have a reputation for paying very well.

Meet a genuine American folk hero cut from the homespun cloth of America's heartland: Sam Walton, who parlayed a single dime store in a hardscrabble cotton town into Wal-Mart, the largest retailer in the world. The undisputed merchant king of the late twentieth century, Sam never lost the common touch. Here, finally, inimitable words. Genuinely modest, but always sure of his ambitions and achievements. Sam shares his thinking in a candid, straight-from-the-shoulder style. In a story rich with anecdotes and the "rules of the road" of both Main Street and Wall Street, Sam Walton chronicles the inspiration, heart, and optimism that propelled him to lasso the American Dream.
