Julia Cageacute; : Saving the Media before purchasing it in order to gage whether or not it would be worth my time, and all praised Saving the Media:

0 of 0 people found the following review helpful. One of the best books about media and modern economy i have ever readBy barak pztalI had just purchased the book. it was hard for me to do it since this book had only one review and it was a 1 star.I heard about the book in an israeli article by one of the journalist i like the most..I am lucky that i didn't listen to the 1 star poor review. The book is great!I had learned so much about saving the media and i am surei am going to implement some of the ideas mentioned in the book inhelpping journalists and content developers to live 100

vacation days a year. Well done Julia! you did a fine job! Barak Paz Tal, Author of 100 vacation days a year 0 of 6 people found the following review helpful. One Star By Alberto Cairo Tourigo A clueless pamphlet that ignores what journalism is about nowadays. To read full reviews: [...] and [...] and [...] 0 of 0 people found the following review helpful. Eye opening and provoking some great thoughts about the upcoming future By Yosi Tsitsu A very interesting book, not a mainstream one, but well - the visionaries are never mainstream :) The fact is, the world of media has changed immensely and it's just the beginning.

Julia Cageacut; explains the economics and history of the media crisis and offers a solution: a nonprofit media organization, midway between a foundation and a joint stock company, supported by readers, employees, and innovative financing such as crowdfunding. Her business model is inspired by a central idea: that news, like education, is a public good.

[A] lucid and succinct analysis; Saving the Media is an essential and timely contribution to a debate with high stakes democracy itself. (Vanessa Baird New Internationalist 2016-04-01) Intelligent, daring, even revolutionary these are the three adjectives that could describe this new book by Julia Cageacut;. (Lrsquo;Expansion) For economist Julia Cageacut;, the crisis of the media is primarily a problem of funding. In this new book, she imagines a participatory model that guarantees the freedom and independence of the press. (Libeacut;ration) In this concise, detailed, and very accessible book, Julia Cageacut; dissects the world of the media; to find a new economic and democratic model in the digital age. (Le Reacut;publicain Lorrain) Saving the Media provides an excellent portrayal of the economic challenges facing the news media, newspapers in particular, and the implications these have on our democratic institutions. (Henry Milner, University of Montreal) Offers a thought-provoking, meticulously researched and persuasively argued intervention into the heart of the contemporary media crisis. (Hans Rollman PopMatters 2016-05-02) Saving the Media is an informative and lively read with a well-balanced mix of facts and statistics. (Gillian Youngs Times Higher Education 2016-05-26) About the Author Julia Cageacut; is Assistant Professor in Economics at Sciences Po Paris.
