first started as a new student at Scott Sedita Acting Studios, I purchased this book to get an insight of my new teacher's thoughts and ideas on this business. I am not green to Hollywood, so I'm usually wary of any "guide." This book did not disappoint, and actually surprised me at how much it resonated with me. Scott provides advice and honest feedback from a seasoned professional who has actually been in the casting director and agent shoes, yet is 100% in support of the actor. The chapter on "Perseverance" was the advice I needed (especially when I first read it.) I would recommend this book to all types of actors, both green seasoned. 0 of 0 people found the following review helpful.
