Anne T. Fraker, Larry C. Spears : Seeker and Servant: Reflections on Religious Leadership (J-B US non-Franchise Leadership) before purchasing it in order to gage whether or not it would be worth my time, and all praised Seeker and Servant: Reflections on Religious Leadership (J-B US non-Franchise Leadership):

0 of 0 people found the following review helpful. Five StarsBy stephanie wilsonI just love green leaf servant leadership model!!0 of 1 people found the following review helpful. Want to take a nap? Read this book.By MollieI had to purchase this book for a class. I would not purchase it if it was not for a class. All the chapter are an aggregate of Greenleaf's writings or lectures. If you want to learn about Servant Leadership, eventually you will but you will

also, discover some of Greenleaf's' philosophy and beliefs about the world. I found the theories of Greenleaf too esoteric for me, above my pay grade.. The new definitions, like, Seeker, I believe were created so Greenleaf could have new definition in order to distinguish his theories as being different. I was not impressed and confused by the meanings of many of the chapters. I could not read the whole book!

This collection of original essays expands on visionary Robert K. Greenleaf's servant-leadership theme. It offers thought-provoking ideas on how religious institutions and individuals can serve in a more caring way by applying the ideas and ideals of Greenleaf's servant-leadership vision.
